

ICU MORE PERFECT UNION DEBATES

Debate Participants & their Roles in Debate

Debater - Win's debate by loving their debate opponent strong enough to listen, hear, understand and feel the fears, concerns and aspirations of their debate opponent, through their debate opponents eyes and at the same time maintain their own character, empathy, truth, creativity and leadership to argue and Win the Best Win - Win Solutions or Outcomes for all Stakeholders on all sides of the debate. The debater who leads and presents the best Win - Win solutions over the course of the entire debate, Wins the Debate.

Audience - Evaluates each debater's argument and assigns values or points as to how well each debater's arguments demonstrated **Empathy, Truth, Creativity and Leadership** in their communication of the best Win - Win solutions or outcomes for the debate goal under consideration. AI is used to evaluate how fairly each audience member evaluates each debaters arguments. The audience members with the highest cumulative audience fairness scores over the course of the debate are also winners in the debate. Audience members with the Top 3, Top 5, Top 10, etc..... Audience Fairness Scores are winners in the debate. Debate event producer will specify the range of rankings for Top audience fairness scores

Debate Facillitator - is not just a passive non-influential objective participant in the debate process. The Debate Facillitator is the Gate Keeper for Entrance into and Staying in God's Arena!!! The Debate Facillitator is responsible for creating and maintaining the atmosphere of a championship prize fight where the weapons used in the fight are **Truth, Empathy, Creativity and Leadership required to Win the Best Win - Win Solutions or outcomes that maximumly satisfy and exceed the expectations of the most polarized stakeholders to the debate process.** **Debate facilitator has 110% authority and ability to control the process, context and narrative of debate in order to incentivize Debaters and Audience to create and Win the Best Win - Win outcome for all stakeholders to the debate process.** Debate Facilitator is evaluated by how well he/she achieves debate facilitation objectives. ***If debate facilitation objectives are achieved or exceeded, debate facilitator is also a winner in the debate.***

Debate Event Producer - Develops, negotiates, promotes and markets debate event like a championship Boxing or MMA fight, with prefight, fight and post-fight activities and events, that creatively build and whet the appetite of targeted audiences for this ICU More Perfect Union Debate Event. Debate Producer and Targeted client audience organization will set award type and/or financial compensation levels for winning debate participants, during the planning and negotiation stages of the event.

The real winners of these debates are not the winning Debater, the winning Audience Members or the Debate Facilitator who meets or surpasses his/her facilitation objectives. The real winners are the observing and participating public as a whole, who get to hear the best and most clear critical and fair analysis of the most complex and important issues on the planet, and are refreshed, educated, empathized and creatively provided the best and most perfectly contexted recommended solutions for public review, evaluation and proper decision making on Issues or Problems analyzed and solutions recommended in the debate.

ICU More Perfect Union Debates are Promoted and Marketed like a Championship Prize Fight - Which does provide real world engagement and entertainment value - but the result, goal, vision/mission is to empower the public so that individually and as a collective whole, We the People, lovingly and enthusiastically ***become and remain who we say that we are*** as is enshrined in the Constitution of the United States of America and is made flesh, incarnate ***by our actions and concerns for one another*** - We the people of the US create and maintain A More Perfect Union for All Americans, (Not Just the Wealthiest 10%) as America's absolute Highest Priority.

We make time and invest in knowing who each other are, what their/our concerns, fears and aspirations are, through their and our eyes and then use our humanity and leadership to create/innovate the Best Win - Win solutions for all Stakeholders to the debate process - This is DEI (Diversity Equity and Inclusion) at its highest level, unlocking "***WILLFUL Miraculous Synergies***" and resulting "***WILLFUL Massive Productivities***" only achievable by "***WILLFULLY, INTENTIONALLY & MAXIMALLY***" investing in and making time to discover, understand, harness and integrate the full portfolio of the diversity in our population - to simultaneously be the best that we can be individually as people/family/communities and to be our best as a collective nation, because we have intentionally chose to make the time and invest in ourselves in a way where we purposely align as a collective nation to Willfully achieve Synergies and resulting Productivities, beyond our wildest imaginations - our investment in understanding who each other are how we can best organize to maximize

our synergies both individually and collectively as a nation is the beauty and the power of Democracy, if we would love each other enough to organize and work in ways, that effectively creates....."Heaven on Earth, as it is in Heaven"

Bible, John 14:12-14,

Very truly I tell you, whoever believes in me will do the works I have been doing, **and they will do even greater things than these**, because I am going to the Father. 13 And I will do whatever you ask in my name, so that the Father may be glorified in the Son. 14 **You may ask me for anything in my name, and I will do it.**

"Being American" is WINNING America's LOVE FOR prioritizing the creation and maintenance of A More Perfect Union for "ALL AMERICANS" as America's HIGHEST PRIORITY"

DEI is the most productive means of successfully achieving Democracy - E Pluribus Unum, Out of Many, One!!!!

DEI does not run from or "**FEAR**" the competitive "**THREAT**" or the competitive "**REALITY**" that comes from Diversity, but rather embraces Diversity as a Gift from the Universe, that raises the competitive potential and the competitive level of competition in our economy and in our society, making our economy and society many orders of magnitude better for everyone when Diversity is embraced and harnessed rather than being ignored or trampled on because advantaged groups in the status quo **FEAR** competing against and losing their advantaged position to new and better competition. *Diversity is the gift that the universe and nature gives humankind to*

successfully adapt to a constantly changing ecosystem and environment, only if we choose to embrace the diverse gifts that the Universe and Nature give us. DEI to the Rescue BIABY.....if we will , willfully and intentionally recognize, harness and graciously use our diversity gifts!!!!!!!
